environment

**PARTH**  
PROJECTS & CONSTRUCTION PVT. LTD.

## About Us

Parth Projects and Construction Pvt. Ltd. was established in 1993 in Baroda, Gujarat, the chemical Hub of India, by a team of young technocrats with strong Chemical Engineering background and hands on experience in design engineering, erection, commissioning and troubleshooting of environmental management projects to cater to the statutory compliance needs of the manufacturing Industry.

Over the years Parth has carved out a proven track record for executing various custom engineered projects for Air, Water & Solid Waste management for various sectors of industries including Pharmaceuticals, Chemicals Pesticides, Paints industries etc. Parth has pioneered to implement various new unconventional technologies applied for the first time in the country.

Parth enjoys a formidable reputation in the country today and is the preferred vendor by the Pharmaceutical \ chemical \ paints sector for execution of Zero Liquid Discharge projects.

Parth has a modern fabrication facilities at G.I.D.C. Makarpura, Baroda for all specialised & proprietary equipment manufacturing required in the Environment Management Projects including Agitators, Clarifiers, Filters Thickeners, DAF, TPI etc. Manufacturing set up boasts of established Q.A Plans for all equipment manufactured, complemented with comprehensive inspection, Testing & validation facilities approved by major Consultants & Third party inspection agencies.

PARTH helps industry in environment management with new technologies and greater emphasis is put on Green energy and waste reuse \ water recycling preferences.

# Scope : Environmental Management

Equipment, technology and services for

-  Air Pollution Control
-  Waste water & effluent Treatment
-  Solid Waste Management

# Our strength

- Experienced team of Chemical Engineers
- Core competence in process and detailed engineering
- Long term and trustworthy services
- Motivated and results-driven achievers and team leaders.
- Strong organizational and team building skills combined with the ability to work under various situations to achieve deadlines.
- Significant experience of executing turnkey projects all over India and China.
- Highly efficient in a fast-paced environment while coordinating with numerous time-sensitive projects.
- Effective time management and prioritizing abilities.
- Total commitment to customer satisfaction.

## Services Offered

### Waste Water Treatment Plants

- Zero Liquid Discharge (ZLD) Plants
- Activated Sludge Biological Treatment
- Diffused Aeration system for Bio Plant
- Bio Sludge Disposal System
- Anaerobic Treatment Plants
- Advanced Oxidation Plant
- Wet Air Oxidation Plants
- MBR & MBBR ETP Plants
- UF & RO Plants

### Air Pollution Control Plants

- Venturi Scrubbers & Packed Towers
- Exhaust System Vent Scrubbers
- Ammonia & Solvent Recovery Plants
- Odour Control System & Bio Scrubbers
- Organic Fumes Adsorption Plant
- Catalytic NOx Control System
- ACID Fume Scrubbing Systems

### Chemical Waste Incinerators

- Solid & Liquid Waste Incinerators
- Organic Fumes & Waste Gas Incinerators
- Rotary Kiln Incinerators
- Drum Pyrolysis
- Bio Sludge Disposal System
- Flue Gas Treatment for Incinerator
- Air Pollution Control for Incinerator
